

**Administrative Services Report**  
**Southwest Iowa Library Service Area**  
**June 2011**  
**Submitted by Karen Burns**

- 1) Genealogy consortium. The libraries in the ProQuest consortium have been invoiced for the subscription October 2011-September 2012, and SWILSA is paying the invoice from ProQuest on May 31. Libraries will have access for at least one more year, if ProQuest ends the contract when SWILSA no longer exists, and doesn't allow the State Library to take over the contract.
  
- 2) Webhosting. Ann is working with libraries whose sites are hosted by SWILSA to form a consortium that will subscribe to a HostGator account, as SWILSA has now, to continue hosting for libraries. They are investigating an alternate domain name, if the State Library chooses to close out the swilsa.lib.ia.us domain.
  
- 3) 'Ideal District Office Services' list from SW libraries. The list of services from the librarians attending subcenters in May is being compiled, and will be shared with the librarians in SW and with the State Library.
