Use the Advanced Search function to limit results to only what is available for checkout. Click on "Advanced Search" (to the right of the keyword search box) and click the box next to "Only show titles with copies available". You can do this while searching by keyword or by format (EPUB, PDF, Kindle, WMA or MP3). This will help you find titles in the format you need and eliminate the need to sort through things that are already checked out.

By choosing Subject, you can find everything from Juvenile Fiction to Westerns.
